

Project Compass

01.

Essential mobility platform

Consistent demand from corporations and condominiums, supporting a recurring-revenue business model

02.

Scaled operational platform

Modern fleet supported by intensive monitoring and telemetry systems, tailored to serve clients' needs

03.

Visible and resilient cash flow

Long-term contracts (3–5 years) with built-in price adjustment mechanisms, supporting margin resilience

The Company operates at the core of Brazil's corporate mobility ecosystem, combining scale, operational know-how and long-term service contracts

Business Overview

Urban mobility platform with over 20 years of operations across the Midwest and Southeast of Brazil, providing route-optimized transportation for employees of large corporations, as well as for residents of condominiums, backed by a monitoring system that ensures a high level of service
