Executive Summary

00 Introduction

00 Investment Thesis

00 Company Overview

00 Financial Information

Galena is LatAm's leading independent distributor of nutraceutical ingredients

01.

The global wellness market continues to grow steadily, driven by rising demand for health and well-being solutions – particularly across **Latin America**, where consumers are increasingly seeking preventive and functional products

02.

Galena operates through two synergistic business units – serving both the compounding pharmacies and industrial clients – positioning itself as complete ecosystem of solutions that connects leading global partners with local market needs

03.

A broad portfolio of nutraceuticals and active ingredients designed for personal care and dietary supplement applications, addressing high-growth segments with proven efficacy and innovation

04.

A state-of-the-art physical infrastructure based in Brazil's wealthiest and most industrialized state, featuring advanced laboratories equipped for quality, efficacy, and fractionation analysis – ensuring scientific rigor and product reliability

05.

With a multinational spirit, robust corporate governance, and a solid ESG agenda, Galena is well positioned to accelerate growth in Brazil and capture future opportunities in both the compounding and industrial markets
