

# US\$ 4.6 bn of identified opportunity by business unit

49 valued programmes across 21 countries — every block below is sized by the value it carries

Identified opportunity is the total contract value of every signed contract and open commercial opportunity in the Company's commercial review, at face value and unweighted; a further six identified programmes carry no value yet and are excluded. Coverage compares it with cumulative gross revenue in the 2026–32 plan.
